

Performance Management Policy

Version 3.4 · Effective 1 April 2026

1 / 14

Cycle

- **Quarterly check-ins** (Q1–Q4). The manager rates achievements, manager feedback, self-assessment and goals.
- **Annual review (FY)** in January for the previous calendar year. The overall rating is calibrated in department calibration sessions.
- **Continuous feedback:** peer feedback in the HRMS at any time. Bi-weekly 1:1s are recommended.

2 / 14

Rating scale

Rating	Meaning
5	Exceptional — consistently exceeds expectations, role model
4	Exceeds — frequently above expectations
3	Meets — solid, reliable performance
2	Partially meets — gaps in key areas
1	Does not meet — significant, sustained gaps

Calibration guideline: about 15% at 4.5+, 70% between 3.0 and 4.4, and 15% below 3.0.

3 / 14

Outcomes

FY rating	Increment (effective 1 April)	Other
≥ 3.8	12%	Promotion eligible
3.4 – 3.79	8%	
3.0 – 3.39	5%	
< 3.0	Nil	Performance Improvement Plan

4 / 14

Performance Improvement Plan (PIP)

- 60 days, with written goals and fortnightly check-ins with the manager and HR.
- **Outcomes:**
 - Successful → PIP closed.
 - Partial progress → extended once by 30 days.
 - Unsuccessful → handled under the Disciplinary Policy.

5 / 14

Promotions

Twice yearly (April, October). Requires:

- a sustained rating of 3.8 or higher,
- a demonstrated next-level scope,
- manager nomination and panel review.

6 / 14

Goals

Goals follow the OKR format, 3–5 per quarter, aligned to team OKRs and recorded in the HRMS.

7 / 14

Purpose and scope

Aligns individual work with company goals, recognises contribution fairly, and supports growth. It applies to all employees after 3 months of service; newer joiners are reviewed from the next quarter.

8 / 14

Annual timeline

Month	Activity
Jan	FY self-assessment, manager review, calibration
Feb	FY ratings shared in a 1:1; appeal window of 10 days
Mar	Increment and promotion letters issued
Apr	Revised pay effective; Q1 goals set
Jul / Oct / Jan	Quarterly check-ins for Q2 / Q3 / Q4

9 / 14

What the review sections mean

- **Achievements:** outcomes delivered against goals, with evidence such as metrics, shipped features or client feedback.
- **Manager feedback:** strengths, growth areas and observed behaviours against the level expectations.
- **Self-assessment:** the employee's own reflection, including challenges and support needed.
- **Goals:** 3–5 objectives for the next period, with measurable key results.

10 / 14

Calibration

Department heads and HR review the rating distribution so ratings are consistent across teams. Managers must justify ratings of 4.5 or higher and below 3.0 with evidence.

11 / 14

Appeals

The employee raises an appeal in the HRMS within 10 days of the rating being shared. The skip-level manager and HRBP review it within 15 days, and their decision is final.

12 / 14

Worked example: increment

- FY rating 3.6 → 8% increment.
- CTC of INR 30,00,000 → INR 32,40,000, effective 1 April.
- The bonus is paid separately under the Compensation Policy.

13 / 14

Manager responsibilities

- Record at least one documented check-in per quarter.
- Never let a rating below 3.0 come as a surprise: raise concerns in 1:1s first.
- Give feedback that is specific, behavioural and timely.

14 / 14

Revision history

- **3.4 (2026):** Increment matrix updated.
- **3.0 (2024):** Moved to a quarterly cadence.
