

Learning & Development Policy - Checklist

Version 2.2 · Effective 1 April 2026

	Purpose
☐	Help every employee grow in their role and toward their career goals.
	Individual Development Plan (IDP)
☐	Created with your manager in Q1 and reviewed quarterly. It captures:
☐	your career aspiration
☐	2–3 target skills
☐	the learning actions to build them
☐	a success measure for each
	Approval flow
☐	Request the course or certification in the HRMS → Learning, with its link, cost and dates.
☐	Manager approval. Requests above USD 1,000 also need the L&D lead.
☐	Complete the course and upload the certificate. The reimbursement is then processed.
	Learning paths
☐	Cloud & Platform AWS SAA → CKAD → Advanced System Design
☐	Data & AI Python for Data → ML Foundations → LLM Engineering
☐	Product Discovery → Agile Prioritisation → Product Analytics
☐	Leadership Leading Effective 1:1s → Crucial Conversations → Managing Managers
	Tracking
☐	Completion rates are reported monthly to department heads. Mandatory training that is overdue by more than 30 days blocks promotion eligibility.
	Revision history
☐	2.2 (2026): LLM Engineering path added.
